

LEAVENWORTH CITY COUNCIL

**April 8, 2008 Study Session Agenda
9:00 A.M. - City Hall Council Chambers**

9:00-9:20 Discussion with Water Rights Attorney - Connie Krueger

Thomas Pors, the City's consultant water rights attorney, has completed an assessment of the City's water rights and has a recommended approach to rectify issues related to the City's water rights. Staff will discuss this recommended approach with Council.

9:20-9:30 Notice to Public of Garage Sale Signs - Connie Krueger

A briefing on a public notice which will be sent in relation to garage sale signs.

9:30-9:50 Meeting with US Fish and Wildlife on Fish Habitat Project - Connie Krueger

David Morgan from the US Fish and Wildlife office will be present to explain a proposed fish habitat project for Blackbird Island.

9:50-10:00 STP Applications - Connie Krueger

An update will be provided on grant applications that are proposed for additional regional grant funds.

10:00-10:15 Farmer's Market – Rich Brinkman

Farmer's Market representatives attended the last Study Session to discuss alternative locations for this year's market due to the Ninth/Commercial Street reconstruction project, with Lions Club Park emerging as a strong option. We have pursued this location with the Farmer's Market, and will cover the parameters of a Special Use Permit Agreement for this purpose.

10:15-10:45 Central Avenue Field Trip

Staff has previously presented requests from the Cascade School District and Chelan County Sheriff's office for a traffic revision on Central Avenue adjacent to Osborn Elementary due to child safety concerns. We would like to conclude the Study Session by visiting the site to consider this proposed revision further.
